Serve your community and develop your professional skills through a year of service with AmeriCorps VISTA! In this hybrid position, the Aspire! Development and Outreach VISTA will help increase the capacity of Aspire! Afterschool learning by building, improving, and implementing systems to communicate Aspire's work, expand their funding, and partner with the community. The Member will do this by determining areas of growth in their external communications, researching new strategies for funding avenues, and enhancing volunteer outreach and appreciation opportunities. The right fit for this position will be a strong writer, highly organized, and detail oriented, with excellent communication skills and the ability to think creatively, serve collaboratively, and serve on multiple projects simultaneously while meeting deadlines. Applicants should also have a deep commitment to closing the educational opportunity gap. Applicants must be able to pass background checks.

Aspire! Afterschool Learning is the only daily, accessible, no-cost afterschool learning program for students in 3rd-8th grade in Arlington. They expand learning opportunities to historically underserved students, providing afterschool and summer learning programs that provide support and connection to students, families, schools, and communities. As the Development and Outreach VISTA member, you will address poverty while building your skills in communications and outreach!
