Applicants must have served at least one full term as an AmeriCorps member to qualify for this position. Serve your community and develop your professional and leadership skills through a year of service with AmeriCorps VISTA! In this teleservice position, the Virginia Capacity Building Project VISTA Leader will build capacity by supporting VISTA members statewide in fulfilling their VAD objectives. The Leader will do so by providing resources and training opportunities, encouraging networking and collaboration within the VISTA cohort, demonstrating program impact through data collection and stories of service, maintaining strong relationships with partner organizations, leading recruitment efforts to identify and place high-quality VISTA members, and ensuring continuous documentation and improvement of program policies and procedures. Applicants should be willing and able to travel to Glen Allen once per month for in-person staff meetings.

Serve Virginia is the leading organization dedicated to promoting and supporting volunteerism and service in Virginia. The Virginia Capacity Building Project is Serve Virginia's AmeriCorps VISTA project, and it places VISTA members throughout the Commonwealth with organizations, agencies, and institutions that address poverty through their work. As the VISTA Leader, you will support the project and its members as they build capacity and create sustainable solutions to poverty.
